Capabilities: We offer full service veterinary care. General small animal veterinary practice includes outpatient clinic, yearly exams and immunizations. Medical and surgical services include routine elective surgery (spays, neuters, prophylactic dentistry), general surgery, x-ray diagnostics, and isoflurane anesthesia. Facilities include three treatment rooms and one surgical suite. We also have a stray facility where we can adopt animals out to the local military community. Please call as we have strays throughout the year that need good homes.

Limitations: Due to our level of staffing and other military obligations, the Baumholder VTF is unable to provide 24-hour emergency service with in-patient critical care hospitalization. Animals requiring this level of care will be referred to civilian host nation veterinary facilities providing these capabilities.

Access: Patients are seen by appointment and some walk-ins on a case-by-case basis. Emergencies are seen during office hours. Calling ahead is advisable for non-appointment visits due to the possible lack of an attending veterinarian. After hours emergencies are referred to an off-post facility, but will be seen if a veterinarian is present at the facility.

Referrals: Patients may be referred to local specialists or the 51st Medical Detachment (Veterinary Services) in the Kaiserslautern area. Civilian referral clinics are available and are coordinated through the VTF. There are specialists in dermatology, surgery, internal medicine, and holistic medicine in the area.

Emergency Care: Emergencies are seen during normal operating hours when a veterinarian is available. After hours emergencies should seek care from an off-post provider. A referral list is provided outside the VTF and a copy is provided below:
